Mudroom

**NAME OF PROJECT:**

Custom Oakville Model Home
 Project: Luxury Mudroom

DESIGNER/FIRM:

Ania Maternicki/AVA Interior Design

www.avainteriodesign.com

About the Project:

There was a natural desire to create a most beautiful departure and refreshing first impression coming Home for those who use it most, the Home Owners who agreed that they mainly used their Mudroom/Garage door most. A plain dry walled mudroom was transformed with beveled full height wall mirror, enlargening the space with grace. Upgraded extra high custom storage double closet doors are accessorized with gold upgraded hardware. A crystal gold leafed chandelier gleams with sparkle adding dancing light. The floors are sealed honed Tuscany Marble. The grand wood railing with pewter French pickets invite warmth into the space. My favourite; the Beautiful and Gorgeous Luxury Wallpaper by Crown that compliments the gold details in the space, with sparkling flowers that sing to the Chandelier above.

AVA Interior Design Specializes in Hotels, Resorts, Commercial and Private Clubs as well as Luxury Residential.

Products Used:

The product used on the walls is available exclusively through Crown Wallpaper & Fabrics. The wallcovering is Printers Guild - Glitter Collection # GT30109.
