Fernbrook Homes to unveil four new model homes at Cornerstone in Alton Village this weekend

Siobhan Evans

Welcome to Cornerstone in Alton Village, a Burlington community like no other. The ideal destination for young individuals, new families and empty nesters alike, Fernbrook Homes' Cornerstone in Alton Village is a charming community you'll love to come home to.

Fernbrook is happy to provide potential buyers with four stunning new model homes, impeccably decorated by Ania Maternicki. Each has a distinctive look, displaying for homebuyers a wide range of options available to them. In the first model, exciting features include a beautiful hardwood open-riser staircase, an extraordinary master bedroom, complete with fireplace, custom closet and opulent ensuite, and a bright, airy kitchen outfitted with a wine cooler, extensive cabinetry and stunning granite. The finished basement is out of this world – plenty of windows and light tones make it feel like you're on the ground floor and the spacious layout is ideal for entertaining or relaxing with the family. Watch your favourite movies in the separate home theatre or kick back with a book in the roomy family room.

The second model home displays decor with a more traditional flair. Dark hardwood greets you at the entry and continues through to the spectacular kitchen, complete with stainless steel appliances, a beautiful light stone backsplash and plenty of cabinetry. Upstairs, a huge master spans the entire rear of the home, providing a private oasis with a luxurious ensuite and oversized custom closet. The third model home will appeal to those with a penchant for modern, contemporary design. Finished in wintry whites and subtle creams, the kitchen features a U-shaped breakfast bar and lots of storage space, along with a sliding door off the eat-in breakfast area to the backyard. A gently curved staircase brings you to second level, where you'll find three generous bedrooms along with a spacious master, complete with built-in cabinets and vanity.

The final home has been designed to show the many standard features that you'll find in every Fernbrook home. From the cozy natural oak throughout to the family-friendly open-concept design, you'll be amazed by some of Fernbrook's standard features - nine-foot ceiling on the main floor, a stunning oak staircase, hardwood floor on main floor (except tiled

areas), and a cold cellar are just a few of the extras that are included. You'll also find oversized ensuite showers, garden patio doors (as per applicable plan), and a 3-piece bathroom rough-in in the basement. Fernbrook is also offering a fantastic bonus package for homebuyers to use in Fernbrook's amazing Décor Centre. The new models will all be open for touring on April 5th.

Fernbrook Homes has the designs and floor plans to suit your needs and style, on both 43' and 50' lots. Featuring detached brick, stone and stucco facades, enhanced with bold columns, artful archways, front porticos and Juliet balconies, these homes are the epitome of sophistication and class. Yet inside, you will discover floor plans that appeal to the practical lifestyle of today's families.

The foundation of any great community will always rest on the ground it's been built on. The land currently being developed with care north of Highway 5 is slated to be the final development of the area. This translates into the assurance that your neighbourhood, like your community, will remain green, vibrant, and alive for generations to come. Cornerstone in Alton Village itself has three creeks that gently wind through its landscape. Two elementary schools and a secondary school are proposed for the community, and there are numerous playing fields located throughout, making it safe for children to get around without crossing major streets.

Located north of Dundas Street, on the Oakville border, Cornerstone in Alton Village homebuyers will have easy access to numerous amenities including highways 407 & 401, Wal-Mart, Boston Pizza, Kelsey's, Payless Shoe Source, Trade Secrets, as well as a host of other services that will help make every day just a little bit easier, while still maintaining the distance and quiet privacy that first attracted you to the area. For the golf enthusiasts, the highly acclaimed Millcroft Golf and Country Club is directly across the street.

For more information on Cornerstone in Alton Village, call Fernbrook Homes at 905-332-3660, or visit the beautifully designed sales centre located on Dundas Street, just west Appleby Line. Site hours are Monday to Thursday 1 to 8 p.m.; weekends and holidays 11 a.m. to 6 p.m., and closed on Fridays. Visit www.cornerstonevillage.ca.

This stunning kitchen displays some of the beautiful upgraded features offered by Fernbrook at Alton Village - granite countertops, beautiful dark wood cabinetry and a natural stone backsplash.

The basement of the first model home has been designed as a home theatre and separate family room. The oversized shutters help create the illusion of a ground floor space.

As with anything, it's the little things that count - unique ceiling details, unusual window styles and opulent master ensuites help Fernbrook create a home that is distinctively yours.
